

Dear FCC I have benefit from listening to XM Satellite Radio and its traffic and weather channels. Also XM provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I'm permitted to hear. Respectfully I urge that you reject the NAB's petition 04-160, and I support XM's ability to provide the kind of programming that I demand and deserve. Thank you.
